Hi Lalit Ji

As discussed, there is no role of internal audit department in such type of cases.

Regards
Amit Madaan

Dear Sharad ji,

please look this error.

RGDS/Sakar

The image is a screenshot of a web browser window displaying an Oracle IBS application. The browser's address bar shows the URL "imis.baba.co.in/software/html5.html" and the page title is "IBS Ver 1.0 for (73) DHARAMPAL-PREMCHAND LTD., NOIDA DEPOT". The application interface has a top navigation bar with "Action", "Edit", "Query", "Block", "Record", "Field", "Window", and "Help" menus. Below this is a toolbar with various icons. The main content area is titled "Approval of Sales Return - SALF2425 - Ver 3.13.005". It features three tabs: "Open", "Posted", and "Cancelled". The "Open" tab is active. Below the tabs is a "Sort On" dropdown menu, a "Clear Sort" button, a "Columns" dropdown, and an "Add to Sort" button. The main data area is a table with the following columns: "Type Series", "Number", "Entry No", "Date", "Store Dept.", "Code", "Name", "Class", "Ref Date", "Cr Note No.", "Amount", "Post", and "Cancel". The first row of the table is highlighted and contains the following data: "SR", "1907", "53", "18/07/2019", "000", "SNM", "296072", "M.R. MARKETING", "FG", "23/12/2017", "2,19,157.84". Below the table, there are fields for "Remarks" and "Cancel Remarks". The "Remarks" field contains the text "MATERIAL RETURN BY PARTY (AS PER MANAGEMENT DECISION)". The "Ref Number" field contains the value "I1/T117/004684". An "IBS Message" dialog box is displayed in the center of the screen, showing an error message: "FRM-40509 On SALES_RETURN_NOTES.CHECK_POST: ORACLE error: unable to UPDATE record." The dialog box has a yellow warning icon and an "OK" button. The browser's status bar at the bottom shows the system clock as "2:29 PM 18-Jul-19".
